School of Engineering

Study Abroad in Switzerland

Study in the heart of Europe

The ZHAW School of Engineering is located in the city centre of Winterthur. The main campus building was built 150 years ago, when the ZHAW School of Engineering was founded. Winterthur offers a high standard of living, with its historic city, green parks, and plenty to do. There are ZHAW events, such as the Tailcoat Parade and the Night of Technology, and very renowned festivals, such as the Winterthur Music Festival.

Winterthur is just a 20-minute train ride from Zurich and a 15-minute ride to the airport. Zurich, where the ZHAW School of Engineering also has a campus, is Switzerland's largest city and economic centre. Switzerland is a perfect starting point to explore Europe, by night train or by plane. Distances are short and famous cities are easily reached within a few hours. But there is also a lot to discover within Switzerland: its diverse regions and four national languages, its mountains for hiking or skiing, its lakes and rivers for a swim or a boat tour, and many picturesque cities.

ZHAW School of Engineering
Founded in 1874 as the Technikum Winterthur, the ZHAW School of Engineering has a longstanding tradition of educating engineers. Today, it still educates almost a quarter of all engineers in Switzerland. The ZHAW School of Engineering has very close links to companies in Switzerland and abroad.

Your exchange semester

Academic programme
A bachelor's degree programme lasts six semesters. A Master of Science in Engineering programme lasts three semesters.

Bachelor's degree programmes

- Aviation
- Data Science
- Computer Science
- Electrical Engineering
- Energy and Environmental Engineering
- Engineering and Management
- Mechanical Engineering
- Medical Informatics
- Mobility Science
- Systems Engineering

Master of Science in Engineering

- Aviation
- Business Engineering
- Civil Engineering
- Computer Science
- Data Science
- Electrical Engineering
- Energy and Environment
- Information and Cyber Security
- Mechanical Engineering
- Mechatronics and Automation
- Medical Engineering
- Photonics and Laser Engineering

Application requirements
These are the requirements to apply for an exchange semester at the ZHAW School of Engineering.

Bachelor

- You have completed four semesters at your home university.
- You have a good academic record (GPA 2.5 out of 4.0).
- For courses in English, a B2 level certificate in English is required.
- For courses in German, a B2 level certificate in German is required.

Master

- You have completed at least one semester at your home university.
- You have a good academic record (GPA 2.5 out of 4.0).
- For the Master's programme, a C1 level certificate in English is required.

Language certificates

Level B2	Level C1
TOEFL iBT 72	TOEFL iBT 95
IELTS 5.5	IELTS 7.0
TOEIC L&R 785, S&W 310	TOEIC L&R 945, S&W 360

Advantages

During your exchange semester at ZHAW, you will enhance your academic profile.

- Gain 15 to 30 ECTS credits per semester.
- Select your desired modules from all Bachelor's degree programmes.
- Receive practice-oriented and research-based education: research results are continually incorporated into teaching.
- Work on industry-based projects during the semester.
- Interact with local and international students.
- Benefit from our excellent laboratory infrastructure.
- Broaden your skills in an international environment.
- Benefit from our educational programmes and gain a global mindset.
- Experience living on your own in a safe, first-rate, and welcoming country.
- Apply for our ZHAW School of Engineering scholarship.
- Expand your international network.

Ka Yeung Wong
Bachelor student
The Hong Kong Polytechnic University, Hong Kong (People's Republic of China)

'I had not been to any European country before and it was a dream to be able to study and travel in Switzerland during my exchange programme.'

Switzerland

The most innovative country in the world, excelling in attracting and retaining domestic and international talents.

Offers a high standard of living.

Well-known for its outstanding natural environment.

One of the most developed countries in the world.

Famous for the 'Swiss Made' label, which is synonymous with high quality.

The International Office

Organises the student exchanges.

Supports exchange students with all administrative matters.

Guides students to the appropriate departments and contacts.

Responds to students' individual needs as far as possible.

Organises several events for exchange students.

Maintains contact with exchange students throughout the semester.

Living in the heart of Europe

Application

Your international office will inform us about your nomination to study at ZHAW.

Bachelor Semester	Fall (Sep–Jan)	Spring (Feb–Jun)
Nomination	15 Mar	15 Oct
Application	1 Apr	1 Nov
Start orientation week	CW 37	CW 7
Start semester	CW 38	CW 8
Start exam period	CW 3	CW 24
End exam period	CW 4	CW 26

Master Semester	Fall (Sep–Jan)	Spring (Feb–July)
Nomination	15 Mar	15 Oct
Application	1 Apr	1 Nov
Start orientation week	CW 37	CW 7
Start semester	CW 38	CW 8
Start exam period	CW 5	CW 26
End exam period	CW 6	CW 27

Accommodation

In Winterthur and Zurich, various organisations offer reasonably priced accommodation for ZHAW students. You can find further information on our website.

Financial Support

Incoming students from European partner universities receive a financial contribution ranging from CHF 1900 to CHF 2200 per semester. In addition, they can apply for a ZHAW School of Engineering scholarship of up to CHF 1000 per semester. Overseas students can apply for a ZHAW scholarship of up to CHF 3000 per semester.

Health insurance

Basic health insurance is required by law in Switzerland. Students from the European Union are exempt from this obligation if they hold a valid European Health Insurance Card (EHIC). The International Office assists all non-European students in obtaining affordable Swiss health insurance cover.

Leisure time

Join free sports classes at our sports facilities at ASVZ.

Attend numerous student leisure activities on a small budget organised by the Erasmus Student Network (ESN).

All students are automatically members of ALIAS (ZHAW Student Association), which supports you with any personal concerns.

Cost of living

The average cost of living per month is approximately:

Accommodation	CHF 700
Food	CHF 450
Transport	CHF 100
Leisure	CHF 200
Expenses	CHF 150
Total	**CHF 1600**

Samuel Kim
Bachelor student
University of California San Diego,
San Diego (USA)

‘The university, with its robust curriculum, high-tech facilities, and international milieu, fostered a unique learning environment that nurtured my academic and personal growth.’

Patricia Heuberger
Head International Relations

‘A semester abroad is an invaluable experience and a clear selling point when applying for jobs after graduation. Additionally, students can immerse themselves in a foreign culture, which is a lot of fun.’
